Thank you, Thank you, Thank you, What a wonderful wedding. The best we've ever experienced (if we don't say so ourselves) You rocked!!!! The music was fantastic, loved it. Honestly people are still calling me and telling how great the music was. We thought the entire day was perfect but.....you were absolutely the best. Thank you so much.

Nothing compares to live music.

Thanks again

PS The mother of the groom couldn't be happier about dancing to the Anniversary Waltz for her deceased grandparents. Thanks for helping the Logans!
